BOILERPLATE

Saffron Collective is a Gurgaon-based luxury wedding and event planning studio, founded in 2021. The team runs every wedding through a structured seven-stage process — from budget architecture to on-site execution — designed to give couples fewer decisions and more certainty. Saffron has planned 250+ weddings across Delhi NCR and destination locations, and was featured in 16 publications in May 2026 for its approach to modern wedding planning.

FOUNDER

Swati Sharma founded Saffron Collective in 2021 and leads every wedding personally, alongside Sanjay — the reason couples so often say the team treats their celebration as if it were their own.

ASSETS FOR MEDIA USE

- High-resolution logo (light + dark)
- 6–10 approved wedding photos, credited
- Founder headshot
